

WILLIAM LEE

Vice President, Project Finance and Corporate Development

William Lee

***Vice President,
Project Finance and Corporate Development***

William Lee is Vice President, Project Finance and Corporate Development, at Sun Edison LLC. In that capacity, he leads SunEdison's global project financing and corporate development activities and originates, negotiates, structures and executes various types of financial and strategic transactions in these areas. Lee is based in the company's Maryland headquarters.

Prior to SunEdison, he worked at the Massachusetts Green Energy Fund, a private venture capital firm that invests in clean and renewable energy technologies. Additionally, Lee worked as an investment banker at Salomon Smith Barney (now Citigroup Global Markets) where he was involved in M&A and capital markets transactions within the global energy sector. He also was a principal investor at Golub Capital, a private equity and mezzanine debt investment firm.

William holds an A.B. in Government from Harvard College, and received an M.B.A. from the Harvard Business School.
